#### NOTES

- All fees are subject to change from time to time. The prevailing fee schedule is published on the Marina website at [www.teanamarina.co.nz](http://www.teanamarina.co.nz).
- No part of a boat (including fittings and attachments) may extend beyond the dimensions of the berth unless LPC approves otherwise in writing. Out of dimension boats are a breach of your license. Without limiting any other right or remedy LPC may have (including termination), you may be required to move to a larger berth and pay the fee for a larger berth if your boat is oversized.
- Casual berths are strictly subject to availability, confirmation and pre-booking - call the Marina office.

- Living aboard and commercial use is by approved application only.
- Above prices are inclusive of GST.
- All fees are payable in advance on or before the 1st day of each calendar month (or on or before the commencement date of the berth license or live-aboard or commercial use period (as the case may be) for the first monthly payment).
- Payment method includes credit card and EFTPOS at the Marina office (no cheques).
- An additional fee of 2% will be charged to all credit card payments.
